

**PRESS RELEASE:****Comexposium enters exclusive discussions to acquire 100% stake of Europa Group**

Paris, 09 Jan 2020 --- Comexposium, the global events organiser, announced it entered into exclusive discussions to acquire Europa Group, Europe's leading healthcare and scientific congress organiser.

Europa Group serves the scientific and medical communities with opportunities to meet, learn, and exchange ideas. Today, the aim of the 270 employees of Europa Group is the same as it was at the beginning, over 30 years ago, to promote the development of knowledge for medical and scientific communities. The group oversees 50 congresses, as well as websites and content products, aimed at scientific communities around the world, uniting more than 170,000 professionals each year. Some of its most well-known events are EuroPCR and le Congrès de la Société Française d'Ophtalmologie.

The acquisition of Europa Group continues Comexposium's evolution in the fast-growing healthcare sector. In June 2018, Comexposium acquired the International Master Course on Aging Science (IMCAS), which organises congresses dedicated to plastic surgeons, dermatologist, and ophthalmologist. With the addition of the Europa Group brands, healthcare now becomes one of Comexposium's largest sectors of events, alongside the Food & Agriculture and Fashion sectors.

Further, this new development makes Comexposium the largest organiser of healthcare congresses in Europe.
